

SEA VISION

yudoo

Do, limitless.

yudoo
Do, limitless.

yudoo is the new pharma-designed software suite born to reshape the tomorrow of your business.

A single environment integrating multiple applications: centralized control systems, KPIs reports on historical data, Data Historian, Business Intelligence analysis, OEE Module, Real time shop-floor dashboard, Track&Trace natively integrated functions. And much more.

A single environment transforming all the information of your manufacturing process from "Raw Data" to "Smart Data".

A single environment driving with Artificial Intelligence your business straight to the future.

yudoo: do, limitless.
